

## Five Hundred Attend Clydesdale Field Day Held at Experimental Farm

### Parade of Forty Horses, Led by Scotch Pipers, Features Program; Prominent Clydesdale Breeders Address Gathering

Clydesdale horses were the big interest in a Field Day held at the Lacombe Experimental Station, Lacombe, on Tuesday, July 5, which was attended by approximately 500 people, despite bad road conditions due to the recent rainfall. Incidentally, F. H. Reed, Superintendent, in his introductory remarks, stated that June of this year was one of the six best in the 31 years that records have been kept. Featured by a parade of 40 horses, led by a six-horse team and Scotch pipers, the program included various practical demonstrations of an educational nature. On the show grounds, led by Bill Patterson, Editor, Malcom McCrimmon, Fort Saskatchewan, and Bill Russell of Crossfield, Scotch pipers, the six, four and two-horse teams, with colorful ribbons in harness and tails, elaborate harness, and their glossy coats gleaming in the sunshine, presented a beautiful spectacle as they stepped proudly around the ring.

The Station now has 47 horses, including one of the best draft stallions ever imported from Scotland, where he took a second prize at Glasgow. Believing that sales of horses are a large and profitable source of revenue, and also that for the average farm in Central Alberta, horses provide the cheapest source of power, Mr. Reed's objective in this Field Day was to interest farmers in the breeding of better farm horses.

### Many Horsemen Present

Several outstanding Clydesdale breeders were introduced and briefly addressed the gathering. Lawrence M. Rye of Edmonton, president of the Alberta Clydesdale Breeders' Association, said one of the drawbacks to the horse business is the prevalence of unsound animals, but he believed this was something the present Minister of Agriculture was trying to do.

John Bryden, Mannville; Dean E. A. Howes of the University of Alberta; Albert Ness of Howick, Ont., director of the Clydesdale Association; and several other breeders were present from Vegreville, Vermillion, High River, Sedgewick, Stettin, and Calgary and Edmonton. Hon. D. B. Mullen, Minister of Agriculture, stated that his department is determined to eliminate scrub stock, not only among horses, but among other lines of livestock, and asked for the co-operation of the breeders in accomplishing this purpose. He believes the time has arrived to introduce new blood into the Province, and would advocate importing good sires from other countries.

Several judging classes were held under the direction of Jack Harvie, Lacombe.

### Dr. Talbot Speaks

Dr. P. Talbot, Edmonton, using a six-year-old mare for illustration purposes, went into some detail regarding unsoundness in horses, listing eye diseases, warbling, splint, ringbone, sidebone and bog spavins, spring halt, as being diseases to be watched for. There are several hereditary diseases, Dr. Talbot stated, and he advocated vaccination of colts shortly after birth.

## Pioneer Clive Resident Dies

J. W. Raven of Clive passed away at the home of his daughter on Saturday, July 2, after a lengthy illness. He was 69 years of age and extremely well known in this district, having home-stayed east of Lacombe in 1899. Mr. Raven was born in Gray County, Ontario, and came west at an early age, settling immediately in this district. In the year 1902 he married Miss Gertrude Richardson, who predeceased him in 1930.

## This Week's Thought

There's only one place where you can live happily—that's inside your income.

## Married in Edmonton

Mr. and Mrs. Clusker Reynolds, whose marriage recently took place at St. Joseph's Rectory, Edmonton, Mrs. Reynolds is the former Miss Helen Long, daughter of Mrs. Thomas Long and the late Mr. Long of Blackfalds. Mr. Reynolds is an official in the Provincial Department of Agriculture.

## Golf Tournament To Be Held Here July 27 and 28

Wednesday and Thursday, July 27 and 28, have been set as the dates on which the annual open golf tournament will be held by the Lacombe Golf and Country Club and arrangements are under way to entertain a record attendance.

## Accident Proves Fatal to former Bentley Resident

BENTLEY—Henry (Jack) Johnson, a resident of Bentley until two months ago, when he moved to Winnipeg, was killed in an accident near Winnipeg Wednesday evening of last week. A group of young people were returning from a ball game in the country on a lumber truck when Jack was knocked off the truck, a wheel passing over him. He was rushed to Wetsaskiwin, but passed away before reaching the hospital there.

Jack had resided in Bentley for the past five years, living with his parents. He was a great favorite among his schoolmates and will be greatly missed by all who knew him.

Funeral services were held in the Bentley Community Hall on Saturday afternoon, Rev. W. E. Herlihy officiating. Interment was made in the Bentley cemetery.

## LEAVE FOR INNISFAIR

Mr. and Mrs. Ted Brink and family left last week for Innisfail, where they will take up residence.

## Good Midway Attractions Will Feature Lacombe Fair

### To Show Here

One of the highlights at the Lacombe Fair this year will be the fine Midway provided by the E. J. Casey All-Canadian Shows. Complete with the big Ferris Wheel, Merry-Go-Round, other Rides, Shows and Concessions, it is billed as the "fun-fest of the west." Coming with the Casey Shows is "Kharido," the Great Magician and Illusionist, who gives a clever, clean performance that mystifies young and old. Thousands have heard him over the radio and enjoyed his performance on the stage. The midway will carry the "fun" to the children, and fun for the grown-ups. The livestock exhibits promise to be better than ever, as entries for the different classes continue to come in. It should be a good showing of horses, cattle, sheep and swine, for which our district is renowned. A parade of livestock will take place on Saturday afternoon.

### To Hold Softball Contests

The softball contests, which carry two divisions one for the town teams and one for country teams, are attracting many competitors in the district, and for this sport competition promises to be keenly contested. Two diamonds will be marked out inside the race track at the Exhibition Grounds, where games will be played. The sports for children start at 1 p.m. Saturday. Announcements will be made by a loud speaker equipment supplied by Braithwaite's Auto Electric, Rimby, which will also supply music for the two days.

For the dances on Friday and Saturday nights, Ron Moore's well-known orchestra, augmented with a cornet and trombone, and his amplifying equipment, will supply the music. On Saturday night a jittery dance will take place. A feature of the dance on Friday night will be a Floor Show starting at 11 p.m., when the

### EXAMINATION RESULTS ARE RELEASED

A complete list of Lacombe Public School recommendations and final examination results will be found on Page Five of this issue.

## Enters Champion

Jean Haarstad of Bentley, member of the Lacombe Calf Club, who entered the Grand Champion Calf in the Calf Club Show at the Lacombe Experimental Station, Lacombe, on Tuesday, July 5, was sold to Safeway Stores of Lacombe and Red Deer for thirteen cents per pound. The animal weighed 795 pounds. The sale was attended by a large crowd, notwithstanding a heavy rain which fell steadily all day.

## Adams, Woods, Weiller of Calgary Buys Top Calf at Calf Club Show Saturday

### Jean Haarstad of Bentley Enters Calf Adjudget Grand Champion; Sells for Fifteen Cents Per Pound; Average Down

Jean Haarstad of Bentley, a member of the Lacombe Calf Club, entered the Grand Champion Calf at the annual Lacombe and Red Deer Calf Club Show and Sale held at the Central Alberta Pavilion Saturday. The calf weighed 945 pounds, and was purchased by H. K. Adams of Calgary for fifteen cents per pound. The reserve champion was shown by William Storey of the Red Deer Club and was sold to Safeway Stores of Lacombe and Red Deer for thirteen cents per pound. The animal weighed 795 pounds. The sale was attended by a large crowd, notwithstanding a heavy rain which fell steadily all day.

Buyers were present from Calgary, Edmonton, Winnipeg and many other western points. The largest buyers at the sale were Swift Canadian Co., Edmonton; H. K. Adams, Calgary; Safeway Stores, Red Deer; Canada Packers, Edmonton; O.K. Packers, Winnipeg; Adams, Wood & Weiller, Ltd., Calgary. Five Bentley business men men purchased at the sale to help the calf clubs with their work. These were W. A. Holmes, R. B. Davies, F. W. Thorpe, C. F. Dameron and Bentley Meat Market, Mackenzie Bros., Lacombe, and Jack Leslie of Red Deer were also buyers.

## American Visitors Attend Calf Sale

Among the most interested spectators at the Lacombe and Red Deer Calf Club Sale and Show were the American visitors who spent the week-end with Mr. and Mrs. F. H. Reed at the Experimental Station, Lacombe. Three generations ago, the Hicket family, a Scotch family, settled in the United States, and a few years ago Mr. Mac Hicket of Chicago organized a family reunion of the Hicket family in America. This year the reunion was held at the home of Mr. and Mrs. Reed, Hicket, or Hicket, as it was known in the old land, having been the family name of Mrs. Reed's mother. The party consisted of Mr. and Mrs. H. S. Hicket and their son and daughter James and Jane of Kansas City, Mr. and Mrs. M. M. Dicket of Cedar Rapids, Iowa; Mr. and Mrs. F. E. MacDonnell of Boone, Iowa; Miss Geraldine MacDonnell of Sioux City, Iowa; Miss Dorothy Riker, Boone, Iowa; Mr. and Mrs. E. J. Ryche, Excelsior, Minn.; Mr. and Mrs. W. Perkins, Chicago; Mr. and Mrs. E. H. Alford, Fremont, Ill.; T. Hicket Dunlop and Douglas Jack of Glasgow, Scotland.

H. S. Hicket is the manager of Wilson and Company's packing plant in Kansas City, where they employ 2300 men and have a capacity of 150 cattle and 400 hogs an hour. Mr. Hicket stated that most of the Aberdeen Angus yearlings shown on Saturday at the Bentley Calf Club Show, though not as thickly fleshed as their corn fed cattle, would show a high percentage.

The visitors all stated that the showing of flowers at the Experimental Station was far above anything they had expected to see so far north.

### NEW ARRIVALS

Births at the Lacombe and District Community Hospital on June 30.—To Mr. and Mrs. Norris Flaveling, a son. Born to Mr. and Mrs. E. P. Gresham, a daughter, on June 29. To Mr. and Mrs. S. J. Trautman, a daughter, on June 24.

## Mrs. Helen Wyatt Of Bentley Dies

(From Our Own Correspondent)

BENTLEY. Funeral services for the late Mrs. Helen Wyatt were held at the family residence on Thursday afternoon. Services were conducted by Rev. W. A. Warren, Interment being made at the Bentley cemetery. The Lacombe Funeral Home had charge of the funeral arrangements. The great number of floral tributes and the large attendance at the services showed the esteem in which Mrs. Wyatt was held in this community.

The deceased moved here with her husband and family in 1913, coming from Sutton, Quebec, and settling on a farm three miles southeast of Bentley.

She leaves to mourn her loss two daughters, Mrs. Frank Nelson and Mrs. T. McCullough of Bentley; two sons, Gordon of Bentley and Douglas of Sylvan Lake, and fourteen grandchildren. Her husband predeceased her five years ago.

## Rainfall Totals 1.58 Inches In Three-Day Fall

Residents of this district jubilated over a three-day rain over the week-end, with prospects for a bumper crop in sight. Gathering clouds gradually lowered to settle down into a rain in which a total of 1.58 inches fell. The precipitation during the entire month of June totaled only 1.59 inches.

The rain came at the right time, and farmers confidently believe that a good crop is assured for this district anyway. Half a dozen reports from the Lincoln district stating that many fields were badly damaged in that section. North and east of town, also, hail did a little damage, although damage was light.

A strictly independent weekly newspaper, published every Thursday in the Globe Building, Nanton St., Lacombe, Alberta.

Harry J. Ford - Publisher

## SUBSCRIPTION RATES

Three Months in Canada.....	\$ 3.50
Six Months in Canada.....	1.00
One Year in Canada.....	2.00
One Year in United States.....	2.50

The Lacombe Globe stands for:

1. The advancement of Lacombe and district in agricultural, industrial and community life.
2. True democratic government in Alberta.
3. Reduction of taxes and the public debt through the medium of safe, sane reform.
4. The abolition of direct relief through the protection of public works.
5. Better roads for Alberta.

THURSDAY, JULY 7, 1938

## Boost the Lacombe Fair

**A**N EVENT which during the past few years has suffered from waning interest on the part of residents of this district takes place the last two days of next week. This is our own local fair. Like all other towns in the province, the depression of 1930, the local annual show has had an uphill battle in presenting each year a show worthy of the support of the citizens. This has been caused to some extent by the total elimination of grants from the Federal Government, and a drastic cut from the Provincial Government. These cuts have been reflected in a smaller prize list for livestock exhibits. It therefore rests on the shoulders of the residents of this town and district to see that this important event in the life of our community does not fade into oblivion.

For forty-three years the Lacombe Fair has afforded the people of this splendid district the opportunity, once each year, to gather and enjoy themselves and rub shoulders with their neighbors. Events that have taken place in our town during the past year show that the spirit of co-operation is just as strong as ever, and our Fair is another opportunity to express that spirit. This year the Fair directors have worked hard in providing fun and entertainment devices for all. With only limited funds at their disposal, these directors have made arrangements for a good midway, with several rides, good attractions and sports. The show will be good—of that there is no doubt, so help to put the Lacombe Fair back on the map and make your plans now to attend next week.

## Shall We Have Unity?

**T**he Provisional Unity Council of Alberta is active these days in an honest endeavor to combine the three political parties of Alberta—namely, the United Farmers of Alberta, the Liberals and the Conservatives—into a united front to oppose Social Credit candidates in the next election. John L. McFarland, the present leader of the council, is making a strong bid to batter down minor differences between the three parties and form some definite platform which the Unity Council should submit to the people.

There is no doubt but that a Unity Council is needed. There is no doubt but that a united front must be made in the next Alberta election if the people of this Province wish a change of government—splitting the vote of non-social crediters three years hence. However, the next election is Premier Albertart on a silver platter. If the old line parties want to remain solidly behind their own party; if their interest in their party comes before the interest in the advancement of Albertans and Alberta, then the Unity Council will fail in its objectives. If, on the other hand, the parties can get together, smooth out their differences (which are petty at the most), then electors of this Province will stand behind the Unity Council heart and soul.

It is strictly up to the old line parties.

## Spies Working in America!

**T**HE public of the great nation to our south has been horrified lately by the findings of the Federal Grand Jury investigation into a spying ring said to be functioning throughout the country with a view to sabotage and theft of national defense secrets. The Grand Jury has only started its probe, but its findings are already amazing to the general American public. The jury has discovered that there are more spies now operating in the United States than at any period in America's peace time history; that spies from Russia, Germany, Italy, as well as many democracies are busy twenty-four hours a day, prying and probing into the recent finds of the American War Department; that sabotage of several new cruisers now under construction can be definitely traced to the workings of spies.

And so the American Government is taking steps to counteract the machinations of spies. Regulations are being put into effect, and more stringent watch being kept on the various Government and plans relevant to the War Department; but military officers insist that even stricter measures are needed.

It behooves the Canadian Government to watch closely what steps are being taken south of us to check spying—for, if Canada is to manufacture war plans for the British Government, as has been stated several times recently, Canada's shores will not be immune to the scourge of foreign spies, sent here to probe and destroy. Canada, as a member of the British Commonwealth of Nations, must be prepared to cope with spies in any eventuality.

"My husband speaks so much in his sleep. What shall I do with him?"  
"Allow him to speak a little more during the day, Madam!"

## Through the Eyes of a Country Woman

By BRIDGET

Many hundreds of girls and boys said a last farewell to their respective schools recently, and now stand on the threshold of life, wondering what on earth the world has in store for them. On the face of it, the outlook does not appear to be particularly bright, but one thing they have that no one can take from them, and a very precious possession it is—Youth. Anyone in the neighborhood of twenty-one need never despair, for anything is possible in Youth. Young folks should realize that it is possible to do almost anything with themselves and their circumstances, if they want to, and, if they have sufficient driving force. I know and realize only too well what young folk are up against—lack of opportunity, lack of money, overcrowded professions, unsympathetic environment, etc., etc.

In this connection I would like to pass on a true story about a present-day millionaire. His life appeared to be a series of lucky breaks, from starting as a junior clerk in a stockbroker's firm, to marrying the right wife when a millionaire. He was asked, would he have achieved success if he had been thrust into some other business? He replied that he would still have become a millionaire. His questioner persisted, and asked him, what would have happened to him if he had had to start as a lowly waiter in a big hotel? The millionaire replied, "I should have become a head-waiter, and I should have been such a good head-waiter, that I'd have been asked into the management, and instead of a fortune in stocks and shares, I should have ended by owning the biggest chain of hotels in Europe." That sounds dreadfully arrogant, but I do believe that there is quite a lesson to be learned from this true story. This man had the energy, driving force, and vision to make his dreams come true; and further, was quite confident that he would have done so in any walk of life. In short, he had supreme confidence in himself. Have you boys and girls lost confidence in themselves? Perhaps we older ones aggravate this state of mind by sympathizing too much, and commiserating on the lack of opportunities for our young folk. I wonder if it is not time for us all to learn that things are never so bad as they seem.

Some young folks, and older ones, too, do their jobs well enough to keep that job, and that is all. They give nothing of themselves, no enthusiasm, no personal interest; they work in a thoroughly efficient, but uninspired way, for the number of hours expected of them. May I be forgiven if I give another story to illustrate this point. It is a story about a humble English country policeman. (Policemen in Europe are not such important personages as those in America). This ordinary policeman had to prepare a plan for the Coroner's Court. When the Coroner looked at the drawing he claimed, "This is not a plan; it is a work of art!" The young policeman had put his heart and soul into his job, and instead of turning in a rough diagram, which was all that was expected of him, turned in a plan as perfect as he could make it.

Many people are quite sure that they are square pegs in round holes. Many a young girl, every time she makes up her face, is sure she is wearing a wasted screen suit in the mirror. Many a young fellow, serving tiresome customers, or doing farm chores, is equally sure that the world has lost in him, a second Clark Gable, a Lindbergh, or a Dr. Baning.

Sometimes I wonder if we Mothers and Fathers are not to blame in some cases, for the discontent, or "misfitting" of our children. We all have had our dreams, and some of us may still indulge in flights of fancy, featuring ourselves in the stellar role. I wonder if trying to make our children become what we want them to be is not, perhaps, the outcome of our own supposed frustration. Do we try to realize our own old dreams and aims by putting our children into professions we could not follow ourselves? Our ambitions, in middle age, centre in our children, and are any of us entirely guiltless of a selfish ambition for our children? Personally, I am not quite sure, for don't we all rather enjoy the reflected glory of our children's little successes?

If youth can look at life unafraid, and treat the world as its oyster bed, and—setting itself a goal—work for it, anything is possible. Personally I admire the Youth of today, intensely; their outlook and interests are wider than those of twenty-five years ago. They are not afraid of actualities, and look life more squarely in the face. Let us all sincerely hope that the lack of opportunity caused by the present financial system will not breed in Youth too black a despair, for it is to Youth we look, for the ultimate salvation of the world.

## LAUGH

AND THE WORLD LAUGHS WITH YOU . . .

## CROWDED OUT

"What are you going to do?" one of his relatives asked.

"I am going to study medicine and become a great surgeon," replied the youth.

The medical profession is pretty crowded already, isn't it?" ventured the relative.

"Can't help that," snapped the youth. "I shall study medicine, and those who are already in the profession will have to take their chances, that's all."

## ARSENAL-MINDEDNESS

The absent-minded professor who had been attending a social returned home very late and rather muddled. On entering his bedroom he thought he heard someone mover under the bed.

"Who's under there?" he called out.

"No one," replied the burglar.

"Funny," replied the professor; "I could have sworn I heard someone there. Good night."

## THE MODERN HOME

"Come on, Bill, let's play baseball."

"Can't—I have to help Dad with the dishes."

## Letters to the Editor

Opinions expressed in letters to the Editor are not necessarily those of this paper and we assume no responsibility for them. Brevity is desired. Letters must be bona fide and must carry the writer's name, not necessarily for publication, but as evidence of good faith. We reserve the right to reject letters of a libellous nature. Opinions of our readers are invited.

Editor, Lacombe Globe:

Dear Sir—It has been brought to my attention since returning from the meeting of the Provisional Council meeting in Edmonton that some people are under the mistaken impression that I was appointed to the Council as a representative of this constituency. That of course is not correct. At the organization meeting of the Council it was decided that the membership should be increased to about 36, chosen from all parts of the Province; the people so chosen to represent a cross section of the life of our Province and represent every shade of political thought.

The Council itself is a Provisional Council to co-ordinate the work of organizing the very large volume of public opinion all over the Province which has shown itself desirous of seeing united political action taken at the next election.

It is the earnest desire of the Council that the different constituencies should not delay too long in organizing those citizens who realize that united action and the submerging for the time being of our political differences is the only means of overcoming the present condition of affairs. When that constituency organization takes place, each constituency will then choose their own representatives to a Central Council, and the Provisional Council will cease to exist.

Meanwhile, the Provisional Council has suggested some principles which they consider any future government should follow, and suggested certain methods of application of these principles for the consideration of the people.

They have also outlined various methods of organization which have already been followed; it was fully realized, however, that conditions vary in every constituency, and that this being essentially a people's movement, must be worked out by the people themselves in a manner best suited to their particular condition.

It is to every citizen who believes sincerely in the need at this difficult time in our history for united political action to do such organization in his or her locality, polling district, or so on as is possible, so that if an election is sprung at any moment we are not caught unprepared.

While it is not possible for me to take any active part in this political work, I shall endeavor to help in any small way that I can, and if each of us will do the same we can gather up into a strong organization the large body of people who are thinking in these lines, and are merely waiting the opportunity to express themselves.

Yours truly,

IRENE PARLEY,  
Manadon Farm, Alix.

## Bentley

(From Our Own Correspondent)

**BENTLEY.**—Rev. and Mrs. Warren and son left Sunday for a month's holiday at the coast with Mrs. Warren's parents, Mr. and Mrs. Norris.

Miss Fern Palmer, who is employed on the teaching staff at Casper, stopped off for a few days' visit with her brother, Elfred Palmer, and Mrs. Palmer, on her way to the parental home at Claresholm.

Dr. and Mrs. Henry and daughter left Friday for Chilliwack, B.C. for a visit with Mrs. Henry's parents. Dr. Crawford of Edmonton has taken over Dr. Henry's duties during his absence.

A crew of men has been busy for the last couple of weeks replacing the old culverts on the main streets with new cement ones.

**Wins Scholarship.** Miss Nancy Sheehan was successful in winning a scholarship for physical training given to the Normal students who allow her a term at summer school. She left this week for Edmonton to take up her duties.

Births at the Bentley Hospital this week were: To Rev. and Mrs. Shamir of Hootley on June 27, a son; to Mr. and Mrs. David Schumaker of Bentley on July 2, a daughter.

Miss Edna Yates and Miss Edna Evernden, R.N.s, are relieving at the Bentley Hospital, while Miss Kenner is taking holiday.

Mr. J. C. Bligh and Lily, Norma and Chealey Harper, Mr. and Mrs. W. Pringle, Margaret and Garry, Allen Hewitt, Elwood Miles and Mr. and Mrs. John Ingram spent the July 1st holiday at Nordgett.

## Sunny Crest Specs

By SPY

**SUNNY CREST.**—Our sympathy is extended to Mrs. A. McNeill and other relatives in their recent bereavement. Mrs. McNeill is said to rest on Tuesday.

On Sunday, Karl Kamah was taken to the hospital, but is now home again.

We have some chickenpox, too. Miss Phyllis Kamah is down with it.

Mr. and Mrs. B. F. Barr are looking forward to a visit from relatives who intend to motor up from the States.

The get-together of the Sunny Crest folks at McLaurin Ranch proved to be a surprise on Miss Connie Carter, as well as a pound shower for the minister, Rev. F. Coxson.

A ball game was played in the early part of the evening, followed by a sing-song around a camp fire. Around 50 people attended. Lunch was served at Mr. Mathews' cottage and Herb Woods read a letter of appreciation and thanks to Miss Carter for her splendid services, both as superintendent of our Sunday School and teacher of our day school. The Sunday School presented her with a five-year diary and birthday book, and she suitably thanked the gathering for their kindness.

Rev. and Mrs. Coxson were presented with the pound shower by Miss Carter. Mr. Mathews was given a vote of thanks by Rev. G. Williams, who presented him with a small gift as a token of appreciation. A good time was had by all.

Jim Morris recently sent a couple of cases of strawberries from B.C. to his son, Mel Morris, and daughter, Ethel Kanndeser. He is now visiting them for a short time. Old friends were glad to see him again and are pleased that he made use of the travelling case they presented him with when he left the district.

Hazel Woods fell from a horse and sprained her arm last Friday when it shied at a dog running out of the culvert. An X-ray showed a nicked bone.

A fly-crazed cow dashed into the doorway of John McGeechie's home, trampling on the hand of the year-old baby and making an X-ray necessary.

We are indeed thankful for the lovely rain over the week-end. As one farmer expressed it, "I could just lay down and roll in every constituency, and that's in head."

An wheat long-stemmed tigerily was picked recently. It was a beautiful specimen, with twin flowers measuring two feet three inches.

## The Industrial East Spends over \$40,000,000 with the Western Farmer each year

Any fellow who consumes over \$40,000,000 worth of Western goods is worth knowing. And when you know him, you'll find he's a pretty good fellow—a worker and a family man like yourself, who likes to keep busy.

Your purchase of a Canadian-built car helps keep him busy and on a payroll. For Eastern automobile plants alone employ over 18,000 workers and in turn, spread employment—and purchasing power—over many other industries, including textiles, paints, glass, chemicals and steel.

Sure, it's a good thing to know that the Eastern industrial worker is busy and happy and in a position to maintain and augment his purchases which in 1936 alone included over 80,000 tons of fresh dressed meats, 175,705 head of cattle, 21,144 calves and 41,557 hogs to say nothing of 10,000 tons of butter and poultry, eggs, honey, grain products and other commodities to the value of more than \$15,000,000.

For statistical and further information about this industry, write to Automotive Industries, 1006 Lumsden Building, Toronto.

## Around the Town

Mrs. H. L. Ramsay in spending a few days in Bruderheim visiting her sister and brother-in-law, Mr. and Mrs. M. G. Christie.

Mrs. S. G. McCormick of Calgary returned to her home on Monday after spending the holiday week-end at the home of her parents, Mr. and Mrs. J. W. Clark.

Mr. and Mrs. Herb Dool, A. Saunders Sr. and Miss Renberia Smith left last Friday for a two weeks' visit with Mr. and Mrs. John Parker of Regina, Sask.

Mr. and Mrs. Frank Adamson were visitors in Calgary over the holiday week-end.

Miss Jean Hunter visited in Edmonton for a short time this week.

Mrs. H. J. Ford is in Calgary, where she joined a family gathering to celebrate the 80th birthday of her mother, Mrs. Isabel Campbell.

Miss Nancy Ford, Miss Jean Rhind, Miss Gladys Rhind, Mrs. Norman McLaren and Mr. Bob Rhind are at present on a motor trip to Spokane and other points in the United States.

Dr. and Mrs. G. E. Budd are leaving next Sunday for the coast, on a business and pleasure trip. They expect to be back about August 1.

## Weddings

**TUCKER-MAIER**  
A quiet ceremony was performed in Pastor Wednesday afternoon of last week, when Miss Lydia Maier, a school teacher of Castor, and Mr. Herbert Tucker of Lacombe were married. Immediately after the wedding, the happy young couple left for Jasper, where they will spend a short honeymoon before taking up residence in Lacombe. Mr. Tucker, an employee at the Owl Economy Store, is well known in this district.

**MADSEN-MORIN**  
A quiet wedding was held at St. John's Church, seven miles north of Tees, Tuesday of this week, when Winnifred Agnes Morin and Paul Madsen were married. Rev. Madsen, pastor of the Free Methodist Church, conducted the services. Lydia Madsen, sister of the groom, attended the bride, and Bob Todd attended the groom.  
Following the ceremony the young couple left for a short holiday prior to settling down on Mr. Madsen's farm in the Ellice School district.

**REYNOLDS-LONG**  
Married at a charmingly simple ceremony at St. Joseph's Cathedral, Edmonton, on Thursday evening, Mr. Chester Reynolds and his bride, the former Miss Helen Long, left to honeymoon at the Pacific Coast prior to taking up residence in Edmonton. The bride is the daughter of Mr. Thomas Long and the late Mr. Long of Lacombe, the bridegroom the son of Mr. and Mrs. Wm. Reynolds of Gadsby, and the interest of friends throughout the Province was centered in the wedding, which took place at half-past eight o'clock, with Rev. Father Jennings officiating.  
Lovely in a becoming shade of blue tulle, with a corsage of deep red roses forming a color contrast, the bride was attended by Mrs. Hume Howell, Mr. Howell supported the bridegroom. Mrs. Howell chose for the occasion a tailored model in floral silk.  
Reception to some 35 immediate friends was arranged later at the Macdonald Hotel.

Mrs. Ada A. Smith of Calgary arrived on Sunday for a visit with her daughter, Mrs. A. Cottrell, and Mr. Cottrell.

Mrs. Thomas H. Allison of Chicago is visiting her mother, Mrs. Katie Kannegiesser, and family.

**WHY THEY ARE THE RICHEST**  
Dr. E. C. Branson, University of North Carolina: "Here, in brief, is the explanation of why the Danish farmers are the richest on earth. They are the richest because they produce, manufacture and market their own products. They produce directly but they finance, manufacture and market by proxy through their own co-operative organizations. And there is no other way out for the farmers in any land or country."

**FARMERS! CFNR**

Thursday and Friday  
Saturday  
7:30 p.m. and 9:30 p.m.

## HOW TO RUIN A CAR RADIO

The common practice of many motorists of starting their engine while the car radio is operating is fraught with definite danger to the delicate mechanism of the receiving set.

It is not generally known, according to radio engineers, that the sudden diverting of battery current from the radio to the

starting motor may cause fusing of the delicate points of the vibrator, with consequent damage to the set. Many mechanics make a practice of warning all their customers against this common and dangerous error of "starting the car to music."

**Blackfalds.**

(From Our Own Correspondent)

**BLACKFALDS**—School closed June 30 and the pupils have laid aside their books for another two months. Miss Arrowsmith's room enjoyed a picnic at Gull Lake, thanks to transportation which was provided with the co-operation of the parents, while the other two rooms combined to have their picnic at the dam. Miss Smith left for Edmonton on the night of June 30 and will not be here again next term as she submitted her resignation earlier in the month. Mr. Hale left for the same destination on Monday and will be marking examination papers for the next few weeks.

Miss Grace Goughly also left on Monday for Summer School. She expects to be teaching next term at Lincoln. Near Gull Lake, other teachers who are attending Summer School are Miss Nettie Roe of Blindman, Miss Hanna of Durban, Miss Mabel Martin hopes to indulge in a holiday and then expects to return to her old school again.

Mr. and Mrs. Martin were visitors in Edmonton last week and returned with their son Chester, who has been taking his Grade 12 there.

One long-hoped-for rain arrived with a vengeance last Saturday morning and continued all that day until Sunday night. About 1 1/2 inches of rain fell and it rapidly soaked into the parched soil. Mrs. Crocker welcomed it perhaps as much as anyone else, as she has a fine crop of raspberries which she expected to lose owing to lack of moisture. Some of the grain fields around the village were beginning to look brown, so the rain was most opportune.

Mr. and Mrs. Lorne Bell took their daughter, Olive, to Edmonton last Saturday to have her broken leg examined by a bone specialist. They are all home again. The specialist gave them every hope, the leg would mend with proper rest. Little Lorne broke her leg over nine weeks ago and has been lying in the Lacombe Hospital all this time.

We regret to report that Mrs. Capron is seriously ill. She suffered a fall last week and became so ill it was considered necessary to send for her children. Her son Sherman arrived from Lethbridge over the week-end and her daughter, Mrs. Reynolds, is also here. Mrs. Stephenson is also nursing her mother, aided by Mrs. P. McCann and other local ladies.

Mrs. Moss was also on the sick list last week-end but is on the mend now.

**Go to Stettler**—Miss Elsie Walker left last week for Stettler, where she is relieving in the hospital for about a month.

Mr. and Mrs. Walker took in the Ponoka sports on July 1. Work is now in progress on the road west of the village from the Blundman Bridge to the Sylvan Lake road. It is at present being graded but later they hope to gravel it.

A bus load of relations of the Miller brothers, west of Blackfalds, arrived from Kansas City last week for a visit.

Andrew Crocker, Janet Warren, Ina Peterson and Mary MacAlister, four of the local girls from town, are attending the United Church Camp at Gull Lake.

Mr. and Mrs. Cyril Ironside returned on Monday last from their wedding trip and will take up residence on the groom's farm west of Blackfalds.

We are sorry to hear that Harry Evans is ill with pneumonia.

**Off The**

A History of the Lacombe Golf and Country Club

By JACK McCAUGHERY

A new slate of officers was returned for the management of the Lacombe Golf and Country Club in 1933, when A. Belcher and D. Hay were elected president and vice-president and G. T. Jackson took over duties as secretary-treasurer.

With a suggestion from the Ladies' Auxiliary, the club went ahead to institute a junior branch of the golf course. This step proved very successful, as 24 of the younger set joined the new branch, in an effort to test their golfing ability or at least to try to make a start in a game that was new to many of them. Fees for these juvenile members were set at \$1.50 and restrictions were placed on their playing hours—off the course at 6 p.m., no play on Sundays or holidays nor on Saturday afternoons during July and August and half-holidays.

Dancers' Tournament

On Saturday, June 7, our society was host to the annual tournament of medical men from Calgary and Edmonton, with play on Wednesday and Thursday. The event turned out to be the best and praiseworthy high for Lacombe's fine course.

Getting under way a grand start with a record entry of 83, the fourth annual tournament came on Wednesday and Thursday, July 12 and 13, 1933. Excellent weather greeted the two-day competition and Big Lyanan, deliverer of Red Deer again carried off the honors. Well over posted low in the qualifying round and went on to defeat J. Welch of the same city in the championship final.

The season drew to a close with 108 members for the year—55 male, 31 female and 24 juniors. Harry Teare entered the hole-in-one division with a one-shot aggregate on No. 6.

**Central**

(From Our Own Correspondent)

**CENTRAL**—J. O. Todd has had his son and daughter-in-law visiting with him from Black Diamond.

Mrs. Heathcote of Calgary has returned home after visiting her sister, Mrs. Joe Peck.

Miss Peavoy has returned home after a few days in Lacombe Hospital and is feeling much better. Mr. and Mrs. Jeffries of Wetaskiwin spent Sunday with Mrs. Jeffries' parents, Mr. and Mrs. H. Gale.

Mr. and Mrs. Ernie Short of Clive have rented the house on Mr. Shank's quarter section. Charley Jones has bought a new

One of our fair drivers, just learning to drive, put her car right through a gate the other day.

Stanley Farewell came home from his school at Coronation last week and left again Monday for Edmonton, where he will attend Summer School.

Mr. and Mrs. Kenneth Dunc of Cardston are spending their holidays with relatives here.

**The Churches**

CHURCH OF ENGLAND IN CANADA

**Tuesday**—Scouts will meet in St. Cyprian's Hall at 7:30 p.m.

**FREE METHODIST CHURCH**  
**Rev. F. W. Coxson, Pastor**  
The Annual Conference and Camp Meeting of the Alberta Free Methodist Church will be held at Alx, July 6 to 17.

We invite all who can to attend. Old-time gospel preaching and singing. This is a spiritual feast. There will be no meetings in the Lacombe Church during this time.

**ST. ANDREW'S UNITED CHURCH**  
**Minister:** Rev. A. L. Carr  
**Organist and Choir Leader:** Mrs. R. Warren

**Sunday, July 10**  
11:00 a.m.—Sunday School and Church Service.

8:00 p.m.—Open-air Service in the Government Park at Gull Lake. Speaker: Rev. G. D. Young of Ponoka. The Spruceville Band will be in charge of the music. Hymn sheets will be provided.

**Tuesday, July 12**  
The girls at Meridian Beach return from Camp and the Boys' Camp begins, continuing until July 20.

CHRISTIAN SCIENCE

At all Christian Science churches next Sunday, the subject of the Lesson-Sermon will be "Sacraments." One of the Scriptural quotations in the Lesson-Sermon is I. Corinthians 12:13, "For by one Spirit are we all baptized into the body, whether we be Jews or Gentiles, whether we be bond or free; and have been all made to drink into one Spirit." One of the correlative passages from "Science and Health with the Key to the Scriptures," by Mary Baker Eddy, is: "Baptism, Purification by Spirit; submergence in Spirit" (p. 581).

**Tees Tattle Tales**

By TATTLE

**TRES**—Mr. Fred Hobson left on a motor trip to Portland, Oregon, as a final destination, calling on his friends and other points en route. Mr. Hobson intends returning in plenty of time for harvesting operations.

Roger Neller arrived on Monday morning from Vancouver, where he has been attending school, to spend the summer vacation with his father here.

In the baseball world—Tees was defeated by Nebraska 4-2 in a nice game, the only trouble being that the sun shone through the clouds in the eyes of the batters and catchers. The balance of the scheduled games were rained out over the week-end and will be played as soon as conditions improve.

Nebraska district residents held their big annual picnic and sports day Wednesday the 6th; more about this next week, weather permitting.

The week-end rains, although making the roads almost impassable, have benefited the heading crops wonderfully. District folks went far and wide to celebrate July 1st; some to Bashaw sports; some to Ponoka; some to Eskine, and others to Sylvan Lake, wherever fancy beckoned.

**Milton**

(From Our Own Correspondent)

**MILTON**—Milton District celebrated its annual picnic on June 30 with a good crowd attending. Ice cream, cake and strawberries were served, the strawberries being very kindly

**Lincoln**

(From Our Own Correspondent)

**LINCOLN**—Mr. and Mrs. Herb Dool and A. Saunders left Friday morning to motor to Kellie, Sask., to visit with relatives.

Some damage is reported in the district from the hail storm last Thursday evening. Miss June Whitteiston and Howard Smith are visiting with Miss Albert Dool.

Most of the district celebrated July 1 by attending the Ponoka Stampede.

We are sorry to learn Velma Kamah is in the Lacombe hospital and wish her a speedy recovery.

Chickenpox is still in the district, the latest victims being Henry Kamah and Will Dool.

Fay Samuels is spending a few days with Mrs. Cartwright.

A very pleasant evening was spent on Wednesday last, when a large number of friends gathered at the Community Hall for a surprise party in honor of Miss P. Rice, who has been the school teacher here for the past eight years. Mr. Spink, chairman of the School Board, made a fitting speech, and Pearl Wilson, the youngest pupil, presented Miss Rice with two dressing cases, for which Miss Rice expressed her thanks. Lunch was served and dancing followed.

Residents of the district wish Miss Rice the very best of luck in her new school. On Sunday Miss Rice took the pupils and several of the parents to Etelung's Beach, where an enjoyable picnic was held.

**Mirror**

(From Our Own Correspondent)

**MIRROR**—Mrs. Wm. Smith and daughter of Edson are visiting at the home of Mrs. F. E. McLean.

Mr. and Mrs. Paul Eberly of Pinhook, Sask., are visiting at the home of Mr. and Mrs. J. Naylor.

Misses W. and D. Ross of Winnipeg are visiting at the home of their aunt, Mrs. J. McLean.

The following teachers, D. Aitken, R. Cogan, J. Henderson, F. Evenson and M. Wheatley, are attending Summer School at Edmonton and Calgary.

Miss June Cogan, Altyde MacNair and Frances Smathers, pupils of Esther Ditzler, were successful in their Western Conservatory of Music examination.

Mrs. N. Jacques left on June 29 for Gull Lake, where she will take up residence in The Cobble for the summer. She was accompanied by Miss Betty Jacques, Miss Nanette Jacques and Miss Frances Smathers.

Miss Doris Vreeland attended a High School party at Camrose on Thursday evening.

A successful High School party was held in the Grand Theatre on Thursday, June 29, by the Mirror High School to mark the close of the term. Guests were present from Alx, Bashaw and Perinot. The evening was spent in a short program, games and dancing.

Rev. and Mrs. L. A. Thompson and family have arrived from Fairview and will take up residence in the United Church parsonage.

Victor McArthur arrived home for a visit with his parents, Mr. and Mrs. W. McArthur.

Elsie Tudor was a visitor to Edmonton for the week-end. John Sulck has completed some breaking on the Healing farm.

Mr. and Mrs. Schnell have Mr. Schnell's brother of Carleton visiting them at present.

The crops were greatly benefitted by a good rain over the week-end and show much improvement.

## How Does Life Insurance Benefit The Farmer's Wife and Children?

**Answer.**—If the farmer has Life Insurance, the wife  
and children know that they will not be in want in  
case of his death.

**Question.**—How would insurance help?

**Answer.**—It would provide money for living  
expenses, to pay debts, meet mortgage payments,  
hire help, avoid sale of the farm at a sacrifice.

**Q.**—Couldn't this be done through ordinary  
savings?

**A.**—Usually a farmer leaves only a small amount  
of cash. Nor can he be sure to live long enough to  
save an adequate sum. Only through Life Insurance  
can he, with a minimum of saving each year, have  
the necessary money available in case of death.

**Q.**—How do the children benefit?

**A.**—The father who has Life Insurance is sure that  
the children will have the home, care and education  
that he intended.

**Q.**—How does Life Insurance benefit the farmer  
himself?

—If he lives to a retiring age, his insurance will  
provide a cash income to care for him.

## Life Insurance

**ALBERTA PRO-RATING PLAN  
EQUALIZES OIL MARKET**

In contrast with experiences in  
other new oil fields, producers in  
the Turner Valley have at all  
times enjoyed a good market at  
fair prices for their production.

Of course the price was reduced  
somewhat when it became neces-  
sary to expand the market for  
Turner Valley crude. This had  
to be done to cover the addi-  
tional carriage charges entailed by  
moving the oil further afield.

Pipe lines, railways and refiners  
shared the reduction with the  
producers. The consumer benefitted  
by substantially lower prices for  
products.

It was inevitable that the refiner  
could not immediately buy all  
the oil the Turner Valley could  
produce. So purchases were pro-  
rated to the needs of the market,  
but at all times every producer  
could enjoy his fair share of the  
market at a fair price.

Contrast this condition with  
Montana where, according to F.  
G. Gottle, Chief Auditor of the  
Alberta Board of Public Utilities  
Commissioners, who studied the  
situation in that state, some wells  
were operating at capacity and  
others were completely shut in  
because they had no market. This  
resulted in unstable conditions,  
making it possible to buy crude  
oil at prices much lower than are  
being paid to the Canadian pro-  
ducer.

No such situation was allowed  
to develop in Alberta.

## Morningside

(From Our Own Correspondent)

**MORNINGSIDE.**—The annual  
shoot picnic was held in Fiegat's  
grove last Tuesday. The usual  
raucous voice run off and a pleas-  
ant afternoon was enjoyed by the  
parents and children.

Mrs. A. C. Bowig was called to  
her home in Gadsby through the  
serious illness of her mother, Mrs.  
Rich. Her Morningside friends  
hope to see her restored to good  
health again.

Miss Viola Beranek of Days-  
land is visiting with her parents,  
Mr. and Mrs. John Beranek.

Mr. James Butlin of Calgary is  
visiting with his mother, Mrs. Joe  
Butlin.

C. B. Sutherland, who has spent  
the last three weeks at the coast,  
returned to his home here last  
Friday.

J. W. Morris, who taught the  
Morningside school since last  
February, left here on Sunday  
and is attending Summer School in  
Edmonton.

Sympathy is extended to John  
Bowie and family through the  
death of his only sister, Mrs. Jen-  
nie Floyd of Los Angeles, Calif.,  
who passed away at her home on  
June 19.

## Appoint Executive Members to Unity Council

Setting up of an executive of  
five members from the personnel  
of the Provisional Unity Council  
was announced today by John J.  
McFarland.

Executive members are: Francis  
J. Austin, farmer, Ranfurly;  
Paul A. Farnalls, farmer, Hal-  
kirk; S. A. Fox, merchant, Ran-  
furly; F. S. Gladstone, farmer, Olds;  
and George G. Ross, rancher, St.  
Kilda.

At the first meeting of the Pro-  
visional Council in Edmonton,  
June 23-24, the members favored  
the creating of a five person ex-  
ecutive, and asked their chairman  
to make the necessary appoint-  
ments.

## Extra Pounds of Rubber

**HERE'S one of the many extra values you  
get in Firestone Tires—at no extra cost.**  
In the patented Firestone Gum-Dipping pro-  
cess, every hundred pounds of cords absorbs  
8 pounds of pure rubber, which penetrates  
every innermost fibre of the cord, insulating  
it against internal heat and friction—the  
greatest enemy of tire life. When buying  
tires, insist on Firestone and get

### Extra Safety

Firestone's 2 extra cord plies under the  
tread walls trend and body into one in-  
separable unit—makes the tire safe at any speed.  
Firestone Gum-Dipping process adds  
58% flexing life to the cords—prevents  
blowouts and makes the tire run 28° cooler.

The scientifically designed, wider, flatter  
tread with the extra rider strip stops your  
car up to 28% quicker, prevents skidding and  
gives longer non-skid mileage.

Only in Firestone Tires can you get all these  
extra values AT NO EXTRA COST! See  
the nearest Firestone Dealer today.
